A letter of personal reference

I give Jeff Schumacher permission to share this letter with other Knights and would refer him to others.

As field agent, Jeff has given good service to me regarding Knight Insurance products and has helped me in other ways when I needed assistance. For instance

Jeff goes out of his way to find me job opportunities and spiritual prayer.

I thank Jeff for his professionalism, non intrusive, caring, and respectful manner to other brother Knights. The role of the field agent is to be there in need for a Brother Knight and family. The Insurance products are part of the field agents work to support Father Mc Givney's vision of Catholic family financial protection. I am proud of our agent's presence when the Brother is no longer with us and to socially, spiritually, and financially help the KOFC deceased family members.
